THE
PRESIDENT'S
CORNER

Bill Williams

W. E. "BILL" WILLIAMS, PRESIDENT
NATIONAL SCRIP COLLECTORS ASSOC.
P. O. BOX 3015
OAK RIDGE, TENNESSEE 37830

Walter recently printed a questionnaire in SCRIP TALK in which he solicited answers to a number of questions, all designed to aid your Executive Committee to carry on the affairs of NSCA in such a manner as to be beneficial to all members.

We received 30 responses representing 5% of those to whom SCRIP TALK was mailed. Replies were received from one to four members from each of the following 15 states: Ala., Calif., Colo., Fla., Ill., Ky., Mich., N.J., N.D., Ohio, Tenn., Texas, Va., Wash., and W.Va. Four people did not sign their comments. Many thanks to all who participated !!

Question 1: Pertained to the possibility of a dues increase if postal rates are increased 90% (27) said they would be in favor of a slight increase if postal rates do go up. One favored fewer bulletins and one would resign his membership. One did not answer.

Question 2 was designed to determine the member's opinion of a reasonable dues level. Answers ranged from \$5.00 to \$10.00. Five said \$7.50. Four said stay at \$5.00 as long as practical. Four said enough to cover expenses. Three suggested \$6.00, and two said "somewhere between \$5 and \$10." One each at \$5.50, \$6.50, \$7.00 and \$10.00, and one FIRMLY stated that we should stay at \$5.00. One would leave it to the Executive Committee, and six did not answer the question.

COMMENT: Postal rates appear certain to increase to at least 18¢ from 15¢. This will add 6¢ to 9¢ to the cost of each mailing, or as much as \$36 to \$54.00 per issue. Also other costs have continued to creep up. The Executive Committee sincerely appreciates your thoughts and will make a detailed study before recommending any dues increase. If one is found necessary, we will keep it to a minimum.

Question 3 asked for comments relative to improving the bulletin. 27% (8) said it was OK as it is and 23% (7) did not have any comments. Two people would like to have a bulletin every month. Six commented that material in the bulletin should include more articles on mining towns, mining equipment, lumber tokens, more photos and illustrations, and more articles from members. One requested that the estimated values of auction items should be stopped and another that scrip should be listed as Orco 1, 2, ICS, Ingle, etc., rather than by catalog numbers. One member believes that FREE ADS should be limited to coal and lumber material. One asked that postage costs be included in the invoiced amount for auction lots. Two people commented on the paper - one of them asked that we stop using bright orange paper because it does not Xerox very well, and the other suggested that we go to 16# paper and discontinue using an envelope in order to cut mailing costs.

COMMENT: We always are on the lookout for someone to contribute articles on any topic, of interest to our hobby. If you have information but do not want to write an article, you can send it to Cindy Grellman, our Public Relations person. She will be glad to organize it and write an article for publishing in your name. We urgently need such material. We appreciate all of the comments relating to the technical aspects of the bulletin and will be studying them in detail at the next Executive Committee meeting..

Question 4 solicited suggestions about the disposal of the copies of Edkins catalog which have a couple of sections out of sequence. 40% (12) suggested selling at a reduced price, ranging from a 10% discount to half price to cost. 27% (8) did not offer any suggestions and two said "nothing special". Two people thought these would become collector items due to the error. One each offered the following: Use as a prize for guessing the high bid in the Auction; give copy to top recruiter of new members; offer at Mail Bid Auction; sell with insert showing the correction; destroy or reduce price to cover postage; and

THE PRESIDENT'S CORNER - (Continued)

require printer to refund cost.

COMMENT: Many thanks for your suggestions. There are many good ones which should prove helpful to both the Catalog Committee and the Executive Committee.

Question 5 asked what we can do to attract more lumber and other manufacturing collectors. 13% (10) did not make a suggestion. 23% (7) suggested ads and articles in coin papers; publications of other collecting groups; and national publications, particularly in states where these industries operate. Four members thought we should concentrate on coal members and forget the others. Five others suggested upgrading the bulletin with more diversified articles, use of more photographs, binding the bulletin, and offering more lumber and manufacturing tokens in the Auction, up to 33% of the total lots. The other four suggestions included: Members setting up displays at coin shows; Holding some meetings outside the Appalachia area; Organizing a three person committee to contact each new member; and Stressing collecting as a hobby rather than as an investment.

COMMENT: As a result of your comments, we will be recommending to the Executive Committee that a campaign be designed to place ads in various coin publications, trade papers and news media. We will suggest that members set up displays and/or booths at as many coin shows as possible during the coming year. We would like very much to hold a NSCA meeting outside the coal region. In fact, we have made several inquiries in this regard, but have not been able to find a member who would be able and willing to assume the on-sight responsibility for arrangements and publicity. Whenever enough encouragement surfaces, we will be happy to call a special meeting of NSCA. We already are making personalized contact with each new member through a letter from the President. We also know that several members are contacting each new member. This is very nice, but we feel that more should be done by NSCA in this regard.

Question 6 asked the members to rate SCRIP TALK against other collector publications. 43% (13) rated it excellent, tops, one of the best. Five rated it very good, and above average. Four thought we were average, good or equal. One rated us third behind TAMS and IKO-TAMS. Two rated the content as excellent and the appearance as poor. Of the remaining five, one was not able to make a comparsion and four did not give an answer.

COMMENT: We appreciate very much the fine marks you have given us. We will continue to strive to improve both the content and the appearance of SCRIP TALK within the limited framework of publishing it as the bulletin of NSCA as economically as possible.

Question 7 gave members the opportunity to air their thoughts. Although 37% (11) did not make any comment, several made more than one. Six members commented on the price of scrip, stating: "tendency to emphasize monetary value", "pricing scrip out of sight", "stop placing value estimated on Auction lots", "wish stuff was not so costly to collect". Another said that the President seems glad that prices have increased 50% over the past year. Two complained about the use of catalog numbers saying that people do not have the time to look them up, and that a description of tokens should be written out. One said we should eliminate the use of grading: UF, AU, etc. Another suggested reducing the highest bid to 10% over the second highest bid.

Two requested a new membership roster. One complained about the lack of an index of all companies in the Edkins Catalog and also suggested that the next catalog be a supplement rather than a second edition. Another complained about members using FREE ADS to charge for a list of their private sales or auctions. He said NSCA should charge \$1.00 for these ads. Another commented that members are overlooking the fact that honesty comes first in all dealings. One inquired about life memberships. Another urged that we keep dues reasonable, and one asked if we had investigated bulk mailing to keep down postage costs. Two members offered us encouragement by suggesting that we keep up the good work and "HANG IN THERE".

COMMENT: With regard to the Auction comments, we will study your suggestions and take action where practical. The President is sorry that his remarks about the increased price of scrip led people to believe that he is happy about it. He thought he was reporting what he had observed from an analysis of the prices realized in NSCA auctions. In fact, he is not all that happy, because he has to buy the darn stuff in competition with the rest of the membership.

THE PRESIDENT'S CORNER - (Continued)

A new membership roster is in the making. It will be prepared as soon as we determine those who do not intend to continue with us for the next year. We plan to publish both an alphabetical listing and a state listing. At the present time a life membership is not contemplated. Perhaps later when the economy settles down and we get large enough to be able to absorb the cost of carrying non paying members. With regard to catalog numbers and grading, these features recently were added as the result of a very strong demand from a large number of members. We are sorry that some members are not in favor of this practice, but we do not plan to discontinue it at this time. We definitely agree that honesty must come first in all dealings both within and outside NSCA. In fact, this is the foundation upon which our Code of Ethics is based.

And, finally to that member who wrote "HANG IN THERE", thanks for all the sentiment and understanding expressed in those three words !!

.....

THE TEXAS LUMBERMAN REPORTS::

BY: Lindsey S. Lee

With this issue, we begin the publishing of a series of historical notes on Texas lumber towns, compiled by Lindsey S. Lee, a life long resident of Beaumont, Texas. His maternal grandfather was employed by various East Texas lumber companies from 1890 to 1911; at which time he entered the hardware business. Although Lindsey has done considerable research, he states that he does not claim to be infallible, since like any historical research, conflicting statistics sometimes are encountered from various sources. He would welcome questions and comments concerning towns and companies and will endeavor to provide answers. Send all letters to: LINDSEY S. LEE, 145 ROSINE, BEAUMONT, TX 77707. This introduction was prepared by Bill Williams, President NSCA, who also is a native Texan, born and raised in a lumber town in East Texas. Bill reports that he has supplemented Lindsey's notes with information about tokens from certain companies. He hopes that the publishing of this column will encourage others to contribute articles on lumber and other manufacturing companies.....

HONEY ISLAND, TEXAS (NW Hardin County) - Located on a high spot of ground in the forks of the Big and Little Cypress Creeks. The town was named for the large number of bee trees found by Jayhawkers (Confederate draft evaders) who hid in the Texas Big Thicket area during the Civil War. The Gulf, Colorado and Santa Fe R R established a flag station at this site in 1901 and called it Matile. In 1905, the Texas Lumber Company built a sawmill here and restored the community name to the mill and post office. R. A. Myer Lumber Co. purchased the mill in 1920 and sold it to Kirby Lumber Company in 1928. In 1948, the daily capacity of the mill was 150,000 board feet with 350 employees.

HOOKS SWITCH, TEXAS (SE Hardin County) - Located on Texas and New Orleans Railroad. Named for the Hooks brothers who operated the Hooks Lumber Company from 1886-1896. Its daily capacity was 25,000 board feet. In 1893, the mill exploded killing and injuring ten employees. In 1896 it was sold to J. F. Keith Lumber Co. and the name of the town was changed to Ariola. In 1901, Kirby Lumber Co. purchased the mill and changed the name to Sharon. The mill was closed in 1907. The City of Beaumont operates a water well adjacent to the old mill site at the present time.

(Both Texas Trade Token Supplement and Trantow list a 10¢ token from Hooks Lumber Co. No other tokens are known from this site, except see notes under Honey Island for Kirby Lumber Co.)

NONA, TEXAS (Hardin County) John C. Ward and G. W. Carroll who owned the Beaumont Lumber Company, founded the Nona Mills Co. and named the town "Nona" for Miss Nona Williams, a sweetheart of one of the officers. By 1889 Nona Mills owned 40,000 acres of timber, six miles of logging tram, a locomotive and 12 flatcars, and employed 230 men. The daily capacity of the mill was 65,000 board feet.

William Cameron Lumber Company purchased the mill in 1897 and operated until 1907. It was controlled by Meeks-Anderson Co. 1907-13 and by Benton Lumber Co. 1913-17.

THE TEXAS LUMBERMAN REPORTS :: BY Lindsey S. Lee

The Nona-Fletcher Lumber Co. acquired the site in 1917 and operated the mill until 1921 when it was destroyed by fire. Today a pulpwood loading yard is located at the site of Nona.

(Tokens are known for only one of the companies at this site. Trantow, Texas Trade Tokens and the Supplement list a 25¢ token for Nona-Fletcher Lumber Co. and 10¢ and 25¢ tokens for Thos. J. Baten, Secty., who is reported to have been the Secretary of Nona-Fletcher Lumber Co.)

OLIVE, TEXAS (Hardin County) This town was established in 1881 by Sidney C. Olive and J. A. Sternenberg who had operated a sawmill in Beaumont, Texas as Olive-Sternenberg & Co. since 1876. They moved north with the Sabine and East Texas Railroad in order to be nearer their timber supply. In 1889, the population was about 500, and the mill's daily capacity was 65,000 board feet. The facilities included a sawmill, dry kiln, planer, locomotive, five flat cars and a five mile logging tram. The mill burned in 1903, was rebuilt in 1904 and burned again in 1907. It was rebuilt and operated until 1911.

(Both Trantow and Texas Trade Tokens list a 5¢ token from Olive-Sternenberg & Co. No other tokens are known.)

TYRON, TEXAS (N. Hardin County) Joseph M. Tyron, a Houston, Texas lumberman, erected a sawmill one mile north of Olive in 1881. A year later, the mill was purchased by Noble and Sheldon Lumber Co. and moved two miles to the new town of Plank, Texas. B. S. Fitzgerald also owned and operated a mill at Tyron with a daily capacity of 25,000 board feet. Its entire output was shipped to Orange, Texas and marketed by Lutcher and Moore Lumber Co.

(No tokens are known from Tyron, Texas)

PLANK, TEXAS (N. Hardin County) This town was established by Noble and Sheldon Lumber Company in 1882 when they moved a mill from Tyron, Texas. The town was named for the type of lumber produced, ie planks. The Middlebrook brothers acquired the mill and shipped an average of 100 box cars a month. About 1891, the mill was sold to J. A. Bentley and Co., who also owned a mill at Zimmerman, Louisiana. Bentley subsequently moved to Mississippi in 1900 and established a mill at Ovett, Miss.

(No tokens are known for any of the companies who operated at Plank, Texas)

9.	48	22.54
10.	32	35.10

"DIS AND DATA"as time and space permits !!

The mention in last bulletin of the California coal fields brought a couple of very interesting letters from Scriptors and I will share a portion of each with you.... Scriptor Arlie Slabaugh writes that "coal companies in California were mostly located in the area between San Francisco and Sacramento, where the Black Diamond Coal vein was discovered in 1850's. The coal was low grade but thousands of tons were shipped to Pittsburg, a port near San Francisco. The stock certificate owned by R. R. Tippy appears to be from a mine further west and in any case is very late as the mining operations were about finished by the time the Sonoma Pacific Coal Co. was incorporated in November, 1881. I understand there are quite a number of abandoned coal mine shafts in the area. I would be inclined to doubt the use of coal tokens in California, at least from company stores (although it's not impossible) and for that reason consider the stock certificate an important record of California coal mines."

.....Scriptor Bill Williges writes from California that "the abandoned coal mine mentioned in the bulletin was at Pittsburg, California. The town was originally Black Diamond, CA. In Kappen's Catalog of CA tokens there are 18 diff. tokens listed from Black Diamond and 29 listed from Pittsburg. It is near San Francisco in Contra Costa County. There are many mine shafts there and the ones that the boys died in were covered with locked steel gates, etc. as are many others in the area. They have been cut with torches over the years and many you can easily get in. Now, they are going to put bars across them again at a cost of many thousands of dollars. The people with cutting torches will once more be back."

.....Scriptor John Cashion of California forwards a couple of pages relating to tax-sheltered investments and wonders whether scrip tokens could be used to set up a Keogh or IRA (Individual Retirement) plan. Under the law, persons who are not covered under a company plan can set up a Keogh or IRA plan with the contributions that he makes being deductible from his current tax returns. The income from the plan's investments are tax deferred until they are withdrawn (after age 59½) usually at retirement. I personally know that several such plans are currently being financed with rare coins and currency. I don't know of any trustee that has been recognized by the Internal Revenue Service that would be involved with coal or any other tokens.. Something to think about for the future....

....Scriptor Paul O. Ritter of Arizona pens that his daughter lives near Madrid, New Mexico and is currently searching for some coal tokens from the New Mexico Coal Company...He states that in his small collection he found two tokens that were not listed in the current Edkins' catalog....Scriptor Arthur Dunning of Alabama writes that "Horse Creek Coal Company, Dora, Alabama" is listed as a coal producer at Horse Creek Mine for the years 1919-20-21. Joe Copeland wanted this info.

.....Scriptor Sam Ruggeri writes from Canton, Ohio that token swap sessions are being started in his area. They plan to have six swap and trade events in 1981 with the first being scheduled for March 21, 1981. The location will be: Salvation Army Bldg., South Market Avenue in downtown Canton, Ohio... Starts at 9 a.m. and free parking is available... no fees or charges and free tables will be available.. Sam notes that they hope later to form a Northeast Ohio Token club if there is enough interest... for more info contact Sam at this address: P. O. Box 145, Canton, Ohio 44701.....Again, this reminder for the big National Convention to be held in Bluefield, West Virginia on Friday and Saturday, May 8 and 9, 1981. This will be our first meeting in this area and I have already had indications that a number of our newer members will be attending for the first time. Too, publicity releases will be provided for the newspapers and other media serving the area to invite all area people interested in scrip and other tokens to attend !! Better get your reservation in now... The Sheraton is a NEW facility in the area... Call toll-free to the following number: 1-800-325-3535... Be sure and mention that you are with the National Scrip Collectors since we have a block of rooms reserved !! ...Your bulletin Editor is still not at liberty to disclose details on several collections that have been sold recently. Possibly additional information will be available before the Bluefield meeting..... I will close this page with a FINAL REMINDER on 1981 dues !! We have many who have not yet sent in the \$5.00... Better check your membership card NOW !! If you do not have a 1981 card, your name will be dropped from the mailing list... the high cost of postage prohibits the continued mailing of bulletins to you !!

NOTICE!!!

NOTICE!!!

I HAVE SEVERAL SETS AND SINGLES OF COAL COMPANY SCRIP OF THE COMPANIES LISTED BELOW. THE SETS ARE 5¢ THRU \$1 AND I WILL TRADE FOR VIRGINIA SCRIP AND PICTURE SCRIP THAT I NEED FOR MY COLLECTION. THESE SETS HAVE SOLD IN THE PAST UP TO \$80. AND SINGLES UP TO \$20 AND HAVE BEEN TRADED FOR R-10S ONLY !!

AS THERE ARE A FEW BAGS AROUND - AND I HAVE BEEN PROMISED SOME OF THEM - I WILL TRADE WHAT I HAVE AT THE PRESENT TIME!! I COULD SELL THESE SETS AND SINGLES AT A PRICE AND MAKE A FEW DOLLARS PROFIT. HOWEVER, THAT WILL NOT MAKE MY COLLECTION ANY BETTER AND IT COMES FIRST !! SO THAT EVERYONE WILL GET AN EVEN CHANCE AT THESE NOW, THE BEST TRADE OFFERS THAT I RECEIVE BEFORE THE NATIONAL CONVENTION AT BLUEFIELD, WEST VA. ON MAY 8, 1981, WILL BE THE ONES THAT GET THESE NOW !! LATER ON, IF I AM THE ONE THAT GETS THE BAGS, THEN I WILL SELL THESE CHEAP !! IF SOMEONE ELSE GETS THEM, I HAVE NO IDEA WHAT THAT PERSON MIGHT CHARGE FOR THEM !! SO...IT'S YOUR CHOICE... LET'S TRADE NOW !!

28. Jordan - The Superior Supply Co. - Unlisted 1467A50 - dented some

30. LARSON BRO. MINE - WEIR, KANSAS - An exciting new coal token find !! Unlisted in Edkin - See 1118 in Dodrill !! This mine operated 1908 to 1910 with only 15 employees !! Tom Hitt recently uncovered the hoard of approx. 30 cardboard token of three denominations. Each a variety because of being dated - the signature, etc. The reproduction to left does not do justice to the condition of the 50¢ piece being offered as Lot 30... A large 38mm size - an orange color with black printing - Has the hand-signed ink signature of "John Larson" on reverse !! If you want a token from a hard-to-find state - in an unusual cardboard - this lot is for you !! Minimum starting bid of \$40.

31. LARSON BRO. MINE - WEIR, KANSAS - Same as Lot 30 except the 10¢ variety. Gray cardboard with "John Larson" ink signature right over Larson Bro. wording on obverse of token ! Blank reverse on this one !! Condition on both lots could be described as fine.

WEST VIRGINIA:

32. Middsville - Robinson Run Store 1747D10b and unlisted red fiber D10c (2 pcs)

33. Middsville - Robinson Run Stores 1747G1; H1

34. Middsville - Robinson Run Stores 1747I1; J1

Monongah - Consolidation Coal Co.

35. 1943G10 and I10
 37. 1943 I1 (two varieties)
 39. 1943 K1; & L1
 40. Osage - Chaplin Supply Co. 2137B100

36. 1943K5 & M5
 38. 1943 J1a

41. Quinwood-Imperial Smokeless Coal 2331C100

32. Mini-collection of 11 pcs - all 1¢ - The New River Company - Punch nos. 1,2,3,4,6,8,9, 10,13,14 and K

43. Mini-collection - group of 16 all diff 1¢ tokens - mostly R-1 & R-2

44. Group of 11 diff. coal tokens - diff. companies - diff. denominations - mostly R-1

 57. Cascade-Preston County Supply - **SET 503A1; A5; A10; A25; A50; A100 (6 pc set)
 58. SIXTY (60) all diff. coal tokens including THREE diff \$5 - Minimum Bid \$50.00

WANTED !! For immediate listing on consignment or will buy !! Better grades of coal and lumber tokens !! No charge on items that do not sell !! We need your material now !! Contact Colonel Caldwell today !!

*** COLONEL CALDWELL'S MAIL AUCTION SALE NO. 71 ++ CLOSING DATE: APRIL 3, 1981 ***

59. TO REPEAT A POPULAR LOT FROM LAST SALE !! From the "Jensen Jewels" and other recent buys, a great accumulation of tokens in all grades that I don't have time to list as individual lots!! A great mini-collection of 100 tokens from various manufacturers - all diff. - various cuts and types of metal, etc. So sure I am that this lot will please - your money back without question if you want to return !! Plus - I always toss in some extra 'goodies' to insure a pleased customer !! Let's start the bidding on the 100 tokens at \$75.00 and see who reads the fine print !!

60. Same as Lot 59 except a smaller lot of 50 assorted tokens.. the same guarantee will apply and a great trading selection or use to upgrade your collection.. Let's start the bidding on this lot at \$40.00...

61. LEE COAL COMPANY, PENNINGTON, GAP, VA - **SET 5¢ thru \$1.00 - oval set listed in Edkins - 2205C5 thru C100 - all previously rated as R-10's... Don't confuse this set with St. Charles... I have \$100.00 in this set and ran it before with a MB of \$100 with no takers !! I can't eat the darn thing so....it will run with an MB of \$90.00 this sale....if no takers - will keep reducing until it moves.. You win some and you lose some in coal mine scrip !!

62. Mary Frances Coal Company, Ingram Branch, WV - I bet there is not a serious coal token collector that does not have a set... BUT, I'll also bet that not ONE in Twenty has any of the GREEN fiber war-time pieces dated 1944 by Orco.. I have one unlisted in Edkins 50¢ to offer in this lot.... Now, let's see the real collectors jump on this one...

63. Carolina WV -Consol Coal 491A1 AU 64. Cascade WV - Preston Co. Supply - 503 UL sq 1¢ alum - unk mfg

65. Eight WV - N.R. & P. Stores 885A1 66. Ehlen-Consol Coal - 883A1 - BU - copper

67. Elm Grove-Elm Grove Store 913A1b 68. ? location - Caperton & Caperton 1¢ IS09 anyone know anything about this company? Caperton WV did NOT use this scrip...

69. Monongah-FKLowes Mkt -1943E10 bimet 71. Rita-Logan Chilton Coal 2411A5 - BU nice!

70. Nuttallburg-Maryland New River Coal Co.-2097G1 - Avg some dirt 72. Tourison-N.R. & P Stores 2819A1 & A5

73. High Splint Ky-High Splint Coal - 1323 5¢ -is it nickel or alum - could be C5a

74. Eagen, TN - Blue Diamond Coal - Unlisted \$1 - Orco 1 - br - rosettes -

A NEW SERVICE FOR NSCA MEMBERS !!

Your Secretary has now received the 1981 Edition of "National Recreational, Sporting and Hobby Organizations" published by Columbia Books, Inc., Washington, D.C. This book lists the names and addresses of about 2,500 organizations (including NSCA) with national memberships.

Realizing that most NSCA members have other collecting interests, your Secretary will be glad to forward information on any listing in your field if you will forward a self-addressed stamped envelope.

To mention only a few of the fields covered: Airplanes, Antiques, The Arts, Autographs, Automobiles, Barbed Wire, Bees, Basketball, Birds, Buttons, Candles, Canoeing, Cats, Checkers, Cheerleading, Circus, Clocks, Dogs, Gardening, Genealogy, Golf, Halls of Fame, Hiking, Hunting, Labels, Labor Unions, Models, Motorcycles, Matchboxes, Roller Skating, Snowmobiles, Taxidermy, Trains, Wine, Wrestling, etc....

There are 119 national organizations devoted to dogs, over 200 devoted to automobiles, 75 to horses, 68 to flowers, 85 to music, 132 to stamps, 33 to rabbits, over 400 to sports, etc... So, if you are seeking information on some particular collecting field that you might have... give us a try for the names of organizations to contact !!

Just another benefit for all NSCA members !!

IS YOUR NAME LISTED BELOW ???

Your Editor has a dual purpose in listing the following names: (1) According to my records each has not paid dues for 1981 and will be dropped from the membership rolls before the new membership roster is prepared for all members... (2) I have recently changed office helpers and there is always the possibility that an error could be made... So, if you have paid for 1981 and your name is on this list, please let me know by return mail.... Thanks !!

114/50.00	End of Sale No. 70							

SALE COMMENTS: Again in this sale, the better rarity material brought a higher price and it is still possible to acquire many good tokens at the minimum bid price of \$1. Plenty of coal and lumber tokens can be found at the \$1 minimum in the sales... Too, there will be plenty of material offered at the National Convention in Bluefield at the minimum prices. Many overlooked the 'sleeper' in the sale.. an under-rated R8 from Wood Peck Coal at Sullivan (only listed token from this company)... The quantity lots (74, 75, 113 and 114) continue to be popular but still go for about the minimum bid price on tokens... Approx. \$100 for 100 tokens !! A fine way to get trading items and to upgrade present tokens in your collection !!

NOTE: THE CLOSING DATE IN THE NEXT SALE (NO. 71) WILL BE APRIL 3, 1981. THE DATE DID NOT PRINT THRU ON TWO OF THE THREE PAGES SO PLEASE MAKE A NOTE OF THIS WHEN YOU GET THE NEW BULLETIN !!

SALE NUMBER 71 features some outstanding items so don't miss out !! As you know, the profits from the mail sales helps to keep the bulletins coming your way !! We need - and must have -- more participation from the membership to keep the 'wheels turning' !! Your attention is invited to the following lots in the next sale: No. 1 - the stock certificate from Indian Territory - not only a good coal collectible but also in demand by collectors of I. T. material and stock certificates ! Lot 12 - a previously unknown \$5 token from Pennsylvania. Lots 30 and 31 - A fine paper item from a tough state (Kansas). Lots 58, 59 and 60 - tokens in bulk for trading, upgrading, etc... Lot 61 - A previously R10 SET now being reduced until sold!! Lot 74- a previously unlisted Tennessee \$1... and much, much more !! Don't miss out !!

We continue to get good reports on plans for the National event in Bluefield in May... Our first time in this area !! Better get those reservations in now.... Mention that you are with NSCA when making reservations... The numbers are listed on front page of your bulletin !!

WE NEED CHOICE MATERIAL FOR LISTING NOW !! IS YOUR COLLECTION FOR SALE ?? OR, WE CAN LIST ON CONSIGNMENT AT LOW COMMISSION !!

TERMS OF SALE
